

Short Heads up!

Proposal in AP WG

IP Assignments for anycasting DNS (2005-02)

- Proposing IPv4 and IPv6 assignments specific for anycasting
- Direct assignments from RIPE NCC blocks
- Good to tag them specifically in the database too
- A new status for inetnum and inet6num objects
- status: ASSIGNED ANYCAST

IP Assignments for anycasting DNS (2005-02)

- The proposal is still in “Discussion” Phase
 - <http://www.ripe.net/ripe/policies/proposals/2005-2.html>
- Draft RIPE documents on the way
- Will inform in the mailing list
