Deprecation of ip6.int

Andrei Robachevsky

andrei@ripe.net

Current status

- 1 June 2006 is the cut-off date
  - Agreed by all RIRs
  - Announcement sent
- Business as usual
  - 4 queries/min on average

The process

- 1 June 2006 Stop supporting the operation of ip6.int
  - Discontinue registrations in ip6.int
  - Remove existing delegations in ip6.int RIPE NCC space
  - Remove RIPE NCC's delegations from the .int zone
  - Do it in one go in sync with the other RIRs

- Before 1 June 2006
  - Notify senders of the ip6.int queries?
  - Notify holders of sub-delegations?
  - Do some more public announcements?

Questions?
