

The background features a blue gradient with abstract, glowing, curved lines that resemble fiber optic cables or data paths. On the left side, there is a logo consisting of four light blue diamonds arranged in a square pattern. In the center, the letters 'N D I X' are displayed in a bold, white, sans-serif font. The 'I' is a vertical bar, and the 'X' is a large, green, stylized cross. To the right of the 'I X' part of the logo, the text '-and-' is written in a smaller, white, sans-serif font. The main title is written in a large, white, sans-serif font, centered on the page.

April 27th, 2006

What is new?

- Growth in ISP and non-ISP markets
- 63 members, 16 more under way
- Across 35 Closed User Groups
- NDIX in Arnhem now open

Progress

- ▣ Now in 5 sites, 3 in Netherlands and 2 in Germany on the way, more planned
- ▣ More than 10 new connections since last RIPE meeting !
- ▣ Closed Usergroups a continuing succes

Technical Challenges

- Moving to CWDM to be flexible in topology
- Growth in usergroups cause for concern in scalability
- Q-in-Q, MAC-in-MAC to be implemented
- RBRIDGE looks like a useful technology

Questions ?
