Alan Adı Başvurusu

Alan adı ile ilgili temel işlemlerin yapılabilmesi için öncelikle bir sorumlu kodu (SK) alınmalıdır. Menülerde yanında kırmızı kilit simgesi bulunan linkler, sisteme bir SK ile giriş yapmadan işlem yapamayacağınızı ifade etmektedir. Bununla birlikte, sitemizde sorumlu kodu almadan da erişebileceğiniz linkler bulunmaktadır. Yeni Alınan Alan Adları Listesi, İtiraz Askısında Bulunan Alan Adları Listesi ve Sıkça Sorulan Sorular sayfalarına bir sorumlu kodunuz olmaksızın ulaşabilirsiniz.

Info Requests and Objections
(2000-2005)

Current Policies, Rules and Procedures for Registration

- ❑ The actions of administering and coordinating the “.tr” top level domain name and the sub-level domain names that take place under it have been undertaken by the Middle East Technical University since 1990 when it was first registered to the Internic.
- ❑ Turkey has adopted the “second level sub-domain name model” in accordance with the decision made by TUVAKA (Turkish Universities and Research Institutes Network) in 1990.
- ❑ The domain name policies and rules are determined by the “DNS Working Group” since 2000, consisting of 11 organizational representatives including ISPs, government bodies and NGOs.
